

Special Offer: Free Chrome OS Readiness Review

Best-in-class services for Chrome Enterprise device management

Today's IT leaders face the challenging task of making sure remote workers can connect and stay productive outside the office. Luckily, Google Chromebooks come cloud-ready, making this task easily achievable. Our Insight technicians are available to provide the expertise you need to get the greatest return on Chrome OS devices through our deployment, professional and managed services.

The Offer: Free Chrome OS Readiness Review, a \$7,500 value

Available to all non-EDU clients who:

- Do not currently use Chrome Enterprise
- Have a minimum of 500 employees
- Currently using 10 or fewer Chromebooks

What's included?

Our Chrome OS Readiness Review offers a detailed analysis of your current environment, including:

- Identity management tools
- Network & security policies
- Directory services
- Applications & collaboration tools
- Federated services

Insight: The perfect partner for Chrome Enterprise

Thanks to our longstanding partnership with Google, experience with third-party tools and extensive certifications, our experts are able to design a customized, end-to-end Chrome Enterprise solution, while keeping your end-user experience and security top of mind. At the end of your Chrome OS Readiness Review, we'll deliver a detailed roadmap covering:

- Key findings & next steps
- Deployment options
- Inventory strategies
- Management of Chrome OS devices

 Global scale & coverage	 Operational excellence & systems	 Software DNA	 Services Solution	 Data center transformation	 Next-generation tech skills	 App dev & Internet of Things (IoT) expertise	 Digital platform	 Partner Alignment
