

LOGITECH GOVERNMENT SOLUTIONS: MODERN DEVICES TO BOOST PRODUCTIVITY AND IMPROVE SERVICES TO CITIZENS

Logitech supports government agencies by simplifying collaboration, enhancing employee workflows, and increasing productivity, resulting in a better overall experience for their citizens.

MODERNIZATION TO MEET RISING EXPECTATIONS

Government agencies battle the challenges of an aging workforce and constrained budgets as citizen expectations continue to rise. Making efficient use of taxpayer resources by investing in secure, standardized technology to improve services for the community and attract new talent is critical, as is implementing effective modern working practices.

EASY TO USE SOLUTIONS FOR A WIDE RANGE OF ROLES

Logitech solutions have been designed to meet the needs of a diverse state and local government workforce, providing:

A complete desktop solution from a single vendor using unifying technology to **SIMPLIFY BUSINESS CONTINUITY** for employees working from home

A full range of durable, reliable solutions that help **OPTIMIZE BUDGET UTILIZATION**

Tools that enable **PRODUCTIVITY, COLLABORATION, AND WORKPLACE** efficiency for demanding in-office or remote roles

Cross platform OS support and UC compatibility to **ENHANCE EXISTING TECHNOLOGY**

EASY-TO-USE SOLUTIONS that require limited technical support

Familiar, plug and play solutions **FOR FASTER DEPLOYMENT AND USER ADOPTION**

Video collaboration solutions that deliver personalized experiences resulting in **FASTER DECISION MAKING**

DISCOVER LOGITECH'S MOST POPULAR GOVERNMENT SOLUTIONS

MK120 Wired Mouse and Keyboard Combo

920-002586
